SUMMARY

I'm Kumkum Gupta, a B.Tech Computer Science (AIML) student with a strong interest in frontend web development and emerging AI technologies. I have hands-on experience in building interactive and responsive web projects using HTML, CSS, and JavaScript. Currently, I am learning core AI/ML concepts while continuously improving my problem-solving and development skills through practical projects. I am actively preparing for internships to gain real-world industry exposure.

EDUCATION

B.Tech in Computer Science Engineering (AIML) 2024 – 2028

TIT Technocrats Group of Institutions, Bhopal

Relevant Coursework: Artificial Intelligence Fundamentals, Data Structures, Object-Oriented Programming, Database Management Systems

Academic Focus: Machine Learning basics, problem-solving, and practical application of AI concepts

PROJECTS

Interactive Frontend Web Application 2025

- Built responsive web pages using HTML, CSS, and JavaScript with smooth UI animations.
- Implemented dynamic user interactions using DOM manipulation and event handling.

Rock Paper Scissors Game 2026

- Developed an interactive JavaScript-based game handling real-time user inputs.
- Used DOM updates to manage game logic and UI state changes.

UI Components using JavaScript 2026

- Created reusable UI components such as toggle switch and transparent card design.
- Focused on clean UI, responsiveness, and browser compatibility.

SKILLS

Languages: JavaScript

Web Technologies: HTML5, CSS3

Web Development: DOM Manipulation, Event Handling, Responsive Design

UI / UX: CSS Animations, Gradient Design, Glassmorphism

Tools: VS Code, Browser Developer Tools

AWARDS & ACHIEVEMENTS

Earned industry-recognized certifications from IBM, Oracle, and The Linux Foundation.
